# Civil Engineering and Groundworks Specialist

[Download Company Profile \(pdf\)](#)

INCORPORATED IN NIGERIA  
2009

# About us - Our Goal and Imagination

---

## *Our Strategy*

- Ensure safety and welfare of our workforce
- Love and respect our customers
- Deliver Value.....on time

We strive to be the best civil engineering company in West Africa (undertaking small and medium complexity projects), turning over +650m yearly by 2025.

Please see *Quality* and *Golden rules*

“Imagination  
*wilt* often  
carry us to  
worlds that  
never were.  
But *without*  
it we go nowhere.”

Carl Sagan

To deliver  
**Right First Time**,  
every time,  
I will always...

1. Understand what is required
2. Have the right skills and knowledge
3. Use the correct materials and tools
4. Carry out, check, document and handover the completed work

Balfour Beatty

## About us - Quality

What you can do to help achieve  
**Right First Time**

### PLAN

Check your plan will deliver the intended results

### DO

Follow the plan and take pride in doing and completing the works

### CHECK

Inspect and check the results against the required standard

### ACT

If you have concerns stop and review

### RECORD KEEPING

Complete robust records to provide progressive assurance that requirements have been met

BACHY SOLETANCHE
